

Fibre optic cable guide

Catalogue number: W-9195-61-01-000

ZPAS

Fibre optic cable guide,
front and rear view

The fibre optic cable guide is an accessory for the IT2PS cabinet. It attaches to the edges of the cable entries in place of the brushes. It protects fibre optic cables entering the enclosure from excessive bending.

Material

Sheet steel powder-coated in RAL 7035 (light grey).

Scope of delivery

Fibre optic cable guide (1 piece) with fixing elements.

IT2PS cabinet fitted with fibre optic cable guides
